

RENAULT MASTER

Practical. Comfortable. Durable.

DRIVE THE CHANGE

Overseas model shown

Overseas model shown

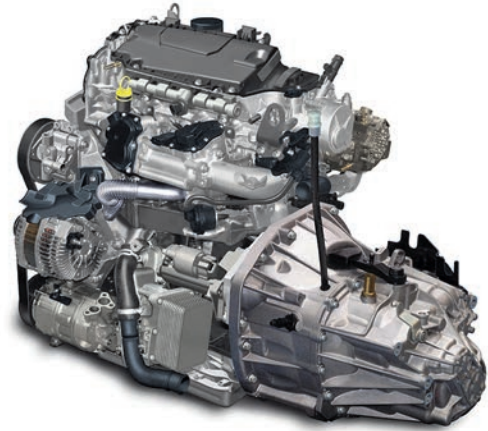

RENAULT MASTER ALWAYS DELIVERS

FROM EUROPE'S LEADING LCV MANUFACTURER COMES THE MASTER RANGE. RENAULT HAS DRAWN ON MORE THAN 100 YEARS OF AUTOMOTIVE DESIGN AND MANUFACTURING EXPERIENCE TO BRING YOU A COMMERCIAL VEHICLE RANGE THAT COMBINES PRACTICALITY, EFFICIENCY AND DURABILITY WITH OUTSTANDING COMFORT, DRIVABILITY AND SAFETY.

EFFICIENT

FROM FORMULA 1® TO ZERO EMISSION ELECTRIC VEHICLES, RENAULT IS AT THE FOREFRONT OF ENGINE DEVELOPMENT TECHNOLOGY.

MAXIMUM TORQUE FROM 1,500rpm

2.3L DCI ENGINE

This highly efficient all-aluminium power plant incorporates a range of features that ensure it performs reliably and economically every day.

It is fitted with a turbocharger that includes a Variable Nozzle Turbine, improving throttle response and providing the engine with maximum torque from just 1,500rpm, right where you need it in busy city traffic.

Low speed torque doesn't come at the expense of high speed power – with 110kW available at 3,500rpm there's plenty in reserve for overtaking. Choose the manual transmission for maximum flexibility and control, or the AMT for a more relaxed driving experience, especially around town.

PRACTICAL

Because a driver can spend many hours a day behind the wheel, the Master combines functionality, technology and comfort to make your work day as productive as possible.

The spacious cabin, equipped with a practical, ergonomically-designed dashboard, integrates an array of storage compartments that can be reached easily from the driving position.

In the Master Cab Chassis Dual Cab, seating for seven is noticeably spacious and comfortable, with obvious consideration for passenger comfort in the rear.

- 1. Refrigerated glove box
- 2. Overhead parcel shelf
- 3. Pivoting seatback table for a notepad, laptop or your lunch
- 4. Air conditioning
- 5. Dash top A4 storage bin (standard on Dual Cab)
- 6. Cup holders
- 7. Mobile phone and coin holder
- 8. Door storage
- 9. Dual under seat storage compartment (standard on Dual Cab)
- 10. Cargo area light

VERSATILE

TRADESMAN, COURIER OR REFRIGERATED TRANSPORT – THERE'S A MASTER THAT'S JUST RIGHT FOR YOUR BUSINESS.

With a Van range spanning 8m³ to 17m³, and payloads from 1.6 to 2.5 tonnes, you'll find a Master that's sized just right for your business. Choose front wheel drive for low floor heights, large door openings and plenty of cargo headroom. Or choose rear wheel drive for high payloads, increased traction and serious cargo carrying capability.

With gross vehicle mass under 4.5T, anyone with a normal car license can drive the Master. Available with

both manual and automated manual powertrains, this van is ready to move almost anything!

Master features a unitary type chassis constructed of high strength-to-weight steel for an optimised body shell that's both lightweight and strong. These weight savings translate directly into higher payloads, without compromising on durability or practicality.

SAFE

A COMPREHENSIVE RANGE OF ACTIVE AND PASSIVE SAFETY SYSTEMS ARE ALWAYS WORKING TO KEEP YOU SAFE.

Renault has built its reputation on safety and the Master is no exception. Every Master comes standard with Electronic Stability Control (ESC), a sophisticated system that continuously monitors your vehicle's trajectory and selectively applies the brakes or limits engine torque to help maintain directional control. ESC helps prevent accidents on rough or slippery surfaces and when making emergency swerving or braking manoeuvres.

The Master's Anti-lock Braking System (ABS) means you'll always be able to stop in the shortest distance possible, while maintaining full steering control. With its 4 wheel discs and Electronic Brake-force Distribution (EBD), Master can come to a complete stop from 100km/h in as little as 42 metres – less than some popular passenger vehicles.

Height adjustable seat belts with Pretensioners and Load Limiters work to ensure you and your passenger are in the optimum position for the dual front airbags (plus front and side airbags with the optional Safety Pack) to provide you with maximum protection in the event of an accident.

The standard Cruise Control works to minimise fatigue, while the integrated Speed Limiter helps protect you from fines.

- 1. Adaptive ESC and Traction Control
- 2. Trip computer
- 3. Driver and passenger airbags (side airbags optional, not available with suspension seat)
- 4. ABS with EBD
- 5. Cruise control
- 6. Fog lamps*
- 7. Cornering lights*
- 8. Automatic headlights and wipers*

*Optional equipment

REASSURANCE

WHEN YOU PURCHASE A RENAULT COMMERCIAL VEHICLE YOU CAN LOOK FORWARD TO YEARS OF PRODUCTIVE AND ECONOMICAL SERVICE, BACKED BY A TRUSTED AND RELIABLE BRAND.

COMPREHENSIVE WARRANTY

Renault has been building and racing motor vehicles for more than 100 years. The wealth of experience we've gained is reflected in the design, performance and quality of every vehicle we sell.

We're so confident of the quality of your new Renault Master, we back it with a 3-year/200,000km warranty.

24/7 ROADSIDE ASSISTANCE

Renault's 24/7 Roadside Assistance is there to help you for the length of your new vehicle warranty. Just call 1800 009 008 and we'll arrange the assistance you need to get back on the road. The service is available 24 hours a day, 365 days per year and covers you right across Australia.

Your Renault Master comes with 3 years of 24/7 Roadside Assistance.

REPAIR & SERVICE COURTESY VEHICLES

To minimise your inconvenience while your vehicle is undergoing maintenance or repairs, our authorised Renault Dealers have low cost loan vehicles ready and waiting for you. Simply book a loan vehicle in advance when you book your Renault in for service with your dealer.

RENAULT EXPERTISE

Everywhere, at every stage in your vehicle's life, the Renault dealer network is with you. We provide:

- Personalised reception and advice
- Registered Renault Factory Trained Technicians (COTECHS)
- The use of only Genuine Renault parts
- The Renault 1-year parts and labour guarantee for all repairs carried out by a Renault dealership
- Equipment and tools specially designed for your Renault
- Clear, simple and transparent pricing structures
