Welcome...

...Select Concepts Connect 16 Newsletter. We are thrilled to showcase two exciting bespoke Portable Stage designs we manufactured for Rural Health Tasmania and High Spirits Harmony. Both custom designs highlight the total mobility and versatility of our Portable Stage Systems in very unique applications.

Finance, or lack of, is a constant area of concern for the corporate, hospitality and education industries. In this edition we provide an alternative to the search for finance with a "Rent To Keep" option. No stage or display platform looks completely finished without a Valance Curtain and corporate Logo. Read about the benefits of our elegant Valance and Logo options and phone our Sales Team for the latest release in fabric colours.

We've decided to spoil our readers with the continued inclusion of a "Don't Break The Piggy Bank" Special Offer – a great QUATTRO Stage Bargain available until 29th April 2016.

So, read on and enjoy. We look forward to being of assistance for all your Portable and Permanent Stage requirements.

LET'S GET THE SHOW ON THE ROAD

Totally mobile stage systems with custom designs right outside the box were ordered by two creative customers last year...

Rural Health Tasmania are what they say – totally rural and therefore, require a presentation stage system that will travel to far flung corners of country Tasmania.

The QUATTRO Stage System itself needed to be of a workable size – 6x6 metres, plus accessorised with a Disabled Access Ramp, 2 sets of 40cm Stage Steps, Safety Rails and a Valance Curtain System.

A lot of stage system but how to ensure it all transported safely and efficiently?

The Select Concepts design team have designed a compact, accessible and easily towed Stage Transport Trailer which has proven its capabilities already just with the cross Tasman sailing and journey to Smithton in time for the inaugural presentation day.

All QUATTRO stage componentry is compactly housed in the tray and tool box sections – a simple effective solution which will work with the needs of Rural Health Tasmania for years to come.

High Spirits Harmony is a talented a cappella harmony choir comprising of only women based in SA. Again, the specifications for a performance stage required a new design approach to our successful tiered choir stand, the MELBA Fold & Roll Choir Riser. The original MELBA has 4 performance levels, a large performance space not required for the choir members – smaller is best. They also needed a tiered system which although portable has to curve plus have

the option of ordering a straight format at a later date. We designed and manufactured a bespoke 3 tiered curved MELBA Fold & Roll Choir Riser system. The MELBA is in 2 standalone mobile sections; with safety rails across the rear of each section; and the smaller compact units are easily transported and assembled by the all women group who perform in a range of venues across Adelaide.

Select Concepts congratulates both customers on choosing an Australian designed and manufactured Stage System and wish you every success performing on the road.

RENT TO KEEP FINANCE

Financing any large asset purchase is always a logistical problem. To plan, fund raise and allocate budget outlay may mean the purchase of much needed equipment and infrastructure is unnecessarily delayed.

Select Concepts understand the difficulties experienced when the requirement to improve assets is outweighed by the financial logistics.

Several of our clients have recently discovered a realistic clever financial solution which allows the stress free purchase of a Select Concepts Stage System.

The "Rental to Keep" initiative is an effective solution to the problems encountered in the acquisition of a stage system. For further information on "Rental To Keep" contact Scott Amos at Melbourne Finance Broking Pty Ltd.*

MELBOURNE FINANCE BROKING PTY LTD
 LEASE FUNDING AVAILABLE FOR ALL SCHOOL EQUIPMENT

WHY LEASING IS THE SMARTER CHOICE:

- > Helps you to stretch the School's equipment budget further
- > Maximise equipment usage and budget value with better end of lease outcomes
- > Releases funds for more permanent or urgent capital works

THE RENT-TO-KEEP \$100 DIFFERENCE

To help our Schools reduce total costs and avoid unnecessary equipment collection, return & repair charges, we offer the equipment for purchase for as little as a \$100 at the end of the rental period.

Not \$100 per computer, just a single \$100 payment - because we're here to support Schools, not hinder them.
