TWIN PROBE MACHINE

THE WORLD'S FIRST
DRY ICE CHILLED
SMOKING DRINKS SYSTEM

TWIN PROBE MACHINE SAFE METHOD

**SAFETY
DRY ICE SNOW**

CE marked

Machine uses patent pending technology to convert liquid Co2 into a Dry Ice Snow (-79 oC (-110 oF))

Dry Ice can then be injected directly into Glass removing need to manually handle Dry Ice

Glass Chill Chamber stores Dry Ice so it doesn't escape meaning drink can be safely consumed

Snow also sublimates quickly once drink is added removing need to dispose of Dry Ice after use

Comes with food standards approval and H&S material written by industry specialists

System does not use Dry Ice Pellets or Liquid Nitrogen (-196 oC (-321 oF))

IMPROVED 2016 DESIGN NEW GLASS LOCK MECHANISM

CHILL CHAMBER

Safely stores Dry Ice Snow in Glass
Dry Ice effect lasts for 5 minutes once drink added

AUTOMATED TWIN PROBE

Simultaneously charges 2 JetChill Glasses
Charges JetChill Cocktail & Shot Glasses

CHARGE BUTTONS

Normal for 12 second Cocktail Glass charge
Boost for 6 second Shot Glass charge

JETCHILL TECHNOLOGY

Converts liquid Co2 into solid Co2 (Dry Ice)
Dry Ice lasts for 25 mins in Glass

HOW DOES IT WORK

QUICK SIMPLE PROCESS

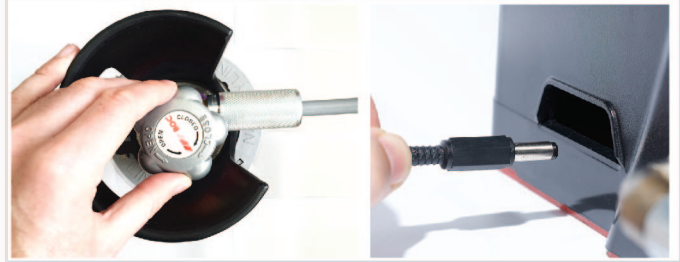

STEP 1

UK - Hand screw Machine Hose to Cylinder of Co2
USA - Wrench screw Machine Hose to Cylinder of Co2

STEP 2

Turn Cylinder Valve on
Insert Power Lead into Machine

STEP 3

Place two JetChill Glasses on Machine Probes
Turn Handle over Glasses and close Lid

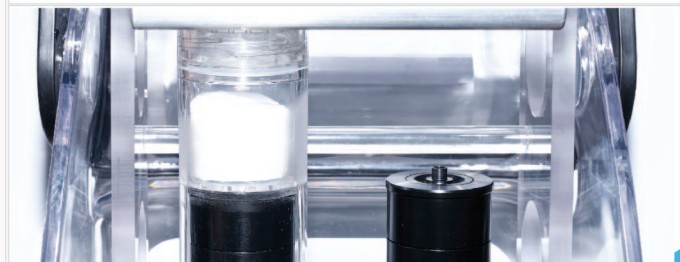

STEP 4

Press Charge Button
Machine will inject Dry Ice into Glass Chill Chamber

STEP 5

Open Lid and Turn Handle
Remove charged Glasses from Machine

STEP 6

Pour drink into Glasses
Drink will react with Dry Ice to create theatre

PRODUCT SPECIFICATIONS

TWIN PROBE MACHINE PORTABLE

- Machine Size 20cm L x 20cm W x 40cm H (8" L x 8" W x 16" H)
 - Machine Weight 5kg (11lbs)
 - Total Pack Size 54cm L x 37cm W x 34cm H (21" L x 15" W x 13" H)
 - Total Pack Weight 8kg (20lbs)
 - Packaging 1 / cardboard box
 - Machine Material Polycarbonate casing
 - Washing Hand wash with sanitised cloth
 - LED's 3W (x 2)
 - Mains 240V (100V) connections
 - Cylinder BS 341 (CGA 320) connections
 - Warranty 1 year
-
- Automated twin charge
 - 10 second standard charge & 5 second boost
 - Powerful LED lighting
 - Branding available on request

SHOT-TAIL GLASS WASHABLE & REUSABLE

- Glass Size 4cm L x 4cm W x 19cm H (1.5" L x 1.5" W x 7.5" H)
 - Glass Weight 80g (0.2lbs)
 - Total Pack Size 45cm L x 45cm W x 20cm H (18" L x 18" W x 8" H)
 - Total Pack Weight 8kg (20lbs)
 - Packaging 100 / cardboard box
 - Glass Material Polycarbonate
 - Washing Industrial dishwasher suitable
 - Serve Up to 125ml (4 oz)
 - Operation Manual screw cap
 - Water tight seal Silicone ring
-
- Dry ice lasts in glass up to 25 minutes
 - Once added drink will smoke for up to 5 minutes
 - Washable & reusable (100+ washes)

SHOT GLASS WASHABLE & REUSABLE

- Glass Size 4cm L x 4cm W x 9cm H (1.5" L x 1.5" W x 3.5" H)
 - Glass Weight 25g (0.1lbs)
 - Total Pack Size 30cm L x 25cm W x 25cm H (14" L x 12" W x 12" H)
 - Total Pack Weight 3kg (7lbs)
 - Packaging 100 / cardboard box
 - Glass Material Polycarbonate
 - Washing: Industrial dishwasher suitable
 - Serve: Up to 60ml (2 oz)
-
- Dry ice lasts in glass up to 25 minutes
 - Once added drink will smoke for up to 5 minutes
 - Washable & reusable (100+ washes)

TABLE TRAY LIGHTWEIGHT

- Tray Size 25cm L x 5cm W x 5cm H (11" L x 1.5" W x 1.5" H)
 - Tray Weight 80g (0.2lbs)
 - Total Pack Size 25cm L x 5cm W x 5cm H (11" L x 1.5" W x 1.5" H)
 - Total Pack Weight 80g (0.2lbs)
 - Packaging 1 / cardboard box
 - Tray Material PETG
 - Washing Hand wash with cloth
 - Glasses Up to 5
-
- Sleek, lightweight and durable
 - Suitable for table or bar service

COCKTAIL GLASS WASHABLE & REUSABLE

- Glass Size 4cm L x 5cm W x 19cm H (1.6" L x 2" W x 7.5" H)
 - Glass Weight 50g (0.1lbs)
 - Total Pack Size 40cm L x 30cm W x 30cm H (14" L x 12" W x 12" H)
 - Total Pack Weight 5kg (11lbs)
 - Packaging 100 / cardboard box
 - Glass Material Polycarbonate
 - Washing: Industrial dishwasher suitable
 - Serve: Up to 200ml (7 oz)
-
- Dry ice lasts in glass up to 25 minutes
 - Once added drink will smoke for up to 5 minutes
 - Washable & reusable (100+ washes)

FLOOR TRAY POWERFUL POS

- Tray Size 35cm L x 35cm W x 25cm H (10" L x 10" W x 8" H)
 - Tray Weight 3kg (7lbs)
 - Total Pack Size 40cm L x 40cm W x 40cm H (16" L x 16" W x 16" H)
 - Total Pack Weight 5kg (11lbs)
 - Packaging 1 / cardboard box
 - Tray Material PETG
 - Washing Hand wash with cloth
 - Serve Up to 1.5L (50 oz) & 15 glasses
 - LED's 15 changeable colours/effects
 - Operation Manual push valve
-
- Portable drink dispensing tray
 - Powerful LED lighting creates striking POS

CO2 CYLINDER FOOD GRADE

- Type 9 Litre (20lbs) Cylinder
 - Size 15cm L x 15cm W x 100cm H (6" L x 6" W x 40" H)
 - Weight 15kg (33lbs)
-
- Dip tube allows machine to withdraw liquid Co2
 - Cylinder can be rented or purchased from cylinder supplier and Cylinder can then be refilled by supplier
 - Each country will have a choice of national and local
